For Immediate Release
5 January 2010

Packard Bell dot s2

Designed for supreme mobility!

- Perfect for every day use, especially on-the-go
- 10-hour all-day mobility
- Comfortable viewing and typing
- Chic, discreet, in gorgeous colours
- Enhanced links to other devices

The new **dot s2** enriches the ultra-mobile line-up by Packard Bell. Designed for **style-conscious** users who want an **ultra-portable, all-day** netbook, it perfectly fits their digital life.

10.1-inch display, 10-hours of battery life, gorgeous style plus an extreme portability are mixed with unique comfort and ergonomics. These are the key factors of this model, which follows in the footsteps of its predecessor, dot s, and of all the ultra-portables in Packard Bell's line-up: the widest range available on the market.

Supreme mobility

Packard Bell **dot s2** is the ideal accessory for organizing your life.

The **latest communication technology** keeps you in touch, always, thanks to powerful long-range wireless equipment such as, webcam and built-in microphone, a superior sensor that enables high resolution video chat, Wi-Fi® b/g/n and Bluetooth® 2.1 or advanced 3G connectivity^[1].

You can't do without it. Packard Bell **dot s2** is the perfect tool to drop a quick mail or to share a quick message with Windows Live Messenger pre-installed; or to sit at your favourite café and check the movie show times, while browsing the net.

Packard Bell **dot s2** is **more portable than a magazine**: ultra-small (258mm width and 185 mm height), ultra-thin (0.99-inch thick) for easy grip and carrying and extremely lightweight (maximum 1.25kg with a 6-cell battery pack^[2]).

The **new design** of the chassis allows the full incorporation of the 6-cell battery underneath the netbook, slightly raising the netbook for enhanced typing comfort. Its high-brightness LED-backlit display delivers ideal visibility for mobile use and comfortable typing. The **large keyboard** and its terrific multi-gesture touchpad ensure accurate typing and enhanced mouse-less navigation with just 2 fingers.

10-hour all-day power

Packard Bell **dot s2** makes light work of any challenge. Enjoy the convenience of all-day mobile power. Its 6-cell Li-ion battery pack delivers up to 10-hours of battery life, associated with the new

^[1] 3G and Bluetooth are optional

^[2] 1.1kg with a 3-cell battery pack

Intel® Atom® processor N450^[3], which enables reduced power consumption while improving performance. You can free yourself from the electrical outlet.

Chic style, with gorgeous colours

Refined as a timeless classic, yet strikingly up-to date, Packard Bell **dot s2** is a personal netbook, which can say a lot about your personality thanks to the three cover colours available.

The “Cherry Red” means spontaneity, energy, passion; the “NightSky Black” stands for classic elegance and standing; the “Glacier white” tells a story of simplicity and perfection.

Bring all your digital devices together

Packard Bell **dot s2** offers enhanced links to other devices. Easy-to-install and easy-to-use the “Packard Bell XSync” USB dongle directly links netbooks, notebooks and computers, for direct file exchange and synchronization.

dot s2 is perfect for complete photo and video editing and for advanced storage and sharing as well: up to 250 GB hard disk, 5-in-1 card reader and Adobe® Photoshop Elements 7 full version are among its assets.

The 10.1-inch widescreen **dot s2** will be available on shelves starting first week of January at the estimated price of 299€. It will be equipped with Microsoft® Windows 7 Starter or Microsoft® Windows XP.

Availability and technical features may vary according to country.

About Packard Bell

Packard Bell pioneered the use of the PC in the home, taking an unfriendly but useful office tool and turning it into a friendly, indispensable feature of today's modern home. Stylish design, affordability and customer-oriented features are the hallmarks of all Packard Bell products, a unique combination that no other brand in the European market offers today. In 2008, Packard Bell was acquired by Taiwan-based Acer Inc. and the combined entities now comprise the third-largest PC company in the world.
